Phone OPD

PhoneOPD is a real - time online doctor econsultation app that lets the doctor and patient connect instantly .

PhoneOPD allows you to consult doctor online , via an appointment or in real time if the doctor is online . With OPD , you can talk to a doctor on the go .

Many times you want a follow - up with a doctor but cannot go to the clinic / hospital , or you want a second opinion on some diagnosis , or you may be traveling and need to talk to a doctor , or you have the need for a quick first time consultation .

With **PhoneOPD** , you can find your doctor and talk to the doctor instantly . You can upload your latest reports and share with your doctor . When doctors are online , all you need to do is click call .
